Overview

Scholastic Learning Zone provides a single place for educators and students to access and manage their Scholastic digital suite of products. It also allows educators to perform tasks such as managing student enrolment and access to specific products.

When a school subscribes to one or more of the products in the Scholastic Learning Zone, educators and students may log into the SLZ to access these products.

Scholastic Learning Zone administrators manage teacher and student profiles, subscriptions, and product access.

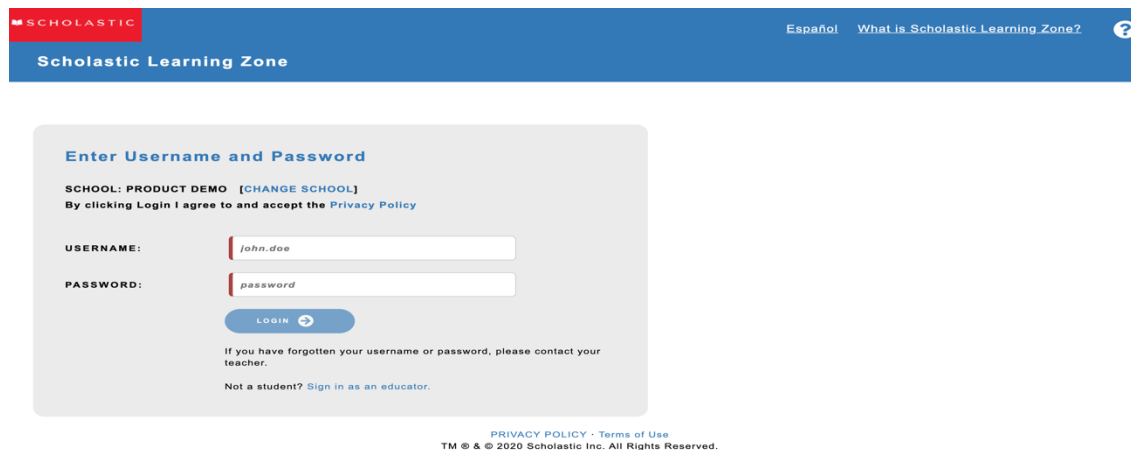

SLZ User's Guide.**Getting Started with Scholastic Learning Zone**

Scholastic Learning Zone is browser-based and may be accessed from any computer with an Internet connection in one of the supported browsers (see page 6 for [Scholastic Learning Zone System Requirements](#))

Student**Login to SLZ**

Login to your account using credentials and URL shared by your teacher. Enter the username and password in the login screen. Below is the example URL for reference

<https://slz01.scholasticlearningzone.com/resources/dp-int/dist/#/login3/student/CAN9W93>

Launch a product

You can launch anyone of the subscribed products by clicking on the respective product icons available under 'My Zone' in your dashboard screen.

SLZ User's Guide.

Student Dashboard

The Dashboard provides access to all the products and functions of the Scholastic Learning Zone. The Student Dashboard is divided into 2 distinct sections. Options at the top right of the Dashboard allows students to visit the Scholastic home website for the school's country, view the page in Spanish, get help with the site, or logout of the Learning Zone

Section 2 - Usage Details

The Total Usage field on the Dashboard displays usage data for the subscribed products. The data is available in sessions and minutes. Selecting the desired option from the drop-down filter box will display the required data. The list will also display the data of the product that was used by student in the past when the subscription was active but now inactive.

Scholastic Learning Zone Technical Requirements

The minimum technical requirements for Scholastic Learning Zone (SLZ) are:

- **Supported browsers:** Internet Explorer 8.x or later, Safari 5.x or later, Firefox 4.x or later, Chrome 17 or later
- **Operating System:** Macintosh® OS X 10.5 or later; Windows Vista Professional, Windows 7 Professional, iOS6.x or higher, Android 4.x or higher
- **Memory:** 512MB to 1GB of RAM, based on OS version
- **CPU:** Intel dual-core or later (PPC Macintosh computers not supported)
- **Network:** Network Interface Card supporting TCP/IP (wireless networks, including 802.11a, 802.11g, or 802.11n, are supported, but application performance may be limited by the network's bandwidth capacity)
- **Screen:** 1024 x 768 resolution or higher
- **Other:** Headsets or speakers required for certain audio/visual media in most applications

SLZ User's Guide.

All workstation browsers must have the following settings enabled:

- **Pop-Up Blockers:** Must be disabled, or Student and Educator Access pages excepted
- **Security Level Settings:** Default settings supported; IE Maximum Security levels not supported
- **Images Enabled:** Default settings are supported; Image Display must not be turned off
- **Privacy Settings:** Default settings supported; Maximum Privacy Setting (disabling cookies) not supported
- **Mixed Content:** Should allow secure content (e.g. https://)

Some programs on Scholastic Learning Zone have additional requirements in addition to the SLZ requirements above:

Program	Additional Requirements
Scholastic Literacy Pro Scholastic Reading Pro Scholastic Reading Inventory BookFlix TrueFlix Grolier Online	Internet Explorer 8 and lower are not supported
Literacy Pro Library Reading Pro Library	Internet Explorer 8 and lower are not supported Other: Headsets or speakers required for certain audio/visual media in Literacy Pro Library/Reading Pro Library. Recording facilities are not supported in iOS tablets.

Thin Client workstations are not certified or recommended for SLZ programs. SLZ supports a wide range of client workstations running many different processors and operating systems. As a general rule, any workstation or laptop purchased in the last four years should be capable of running any SLZ application.

Organizations considering using older workstations should consider the following factors:

1. CPU clock speed is not a reliable indicator of relative performance. The slowest Intel® Core 2 Duo is more powerful than the fastest Pentium® 4. A Core 2 Duo at 2.13GHz is almost twice as fast as a P4 at 2.8GHz. Workstations that run an Intel Pentium M, Pentium D, or Intel Celeron® must at minimum have a clock speed and RAM that are the same or greater than what is recommended for a Pentium 4.
2. Workstations, laptops, or netbooks with Intel Atom processors (or equivalent) may or may not be suitable for running SLZ applications depending on the processor's version, clock speed, and supporting hardware. Scholastic recommends testing any Atom-based system with the application(s) you intend to use.

Additional Information

Roles

Role	Description	What Can They Do?
Student	Enrolled student	<ul style="list-style-type: none"> • Sign in to SLZ • Launch programs
Teacher	Includes classroom educators as well as others who provide instruction: associate teachers, reading coaches, interventionists, etc.	<ul style="list-style-type: none"> • Sign in to SLZ • Launch programs • Activate product subscriptions • View and edit classes • Add and remove students • Edit student information • Manage student access to programs
School Administrator	Includes principal and other administrative staff (e.g., associate principal)	<ul style="list-style-type: none"> • Sign in to SLZ • Launch programs • Manage educator access
Group Administrator	Includes the superintendent, asst. superintendents, and those who need to access or manage data across the group	<ul style="list-style-type: none"> • Sign in to SLZ • Launch programs • Manage educator access
